

Buprenorphine and Office-Based Treatment of Opioid Dependence

March 13, 2010

8:00 am-4:30 pm
Registration Begins at 7:00 am

Location:
Cicatelli Associates Inc.
505 Eighth Avenue
2nd floor
New York, NY 10018

This training is presented by:
The American Psychiatric Association,
Cicatelli Associates Inc.,
and the New York City Department of Health and Mental Hygiene

Invitation

You are invited to attend a day-long training on the use of buprenorphine in treating opioid addiction. Doctors who complete this training will qualify for a waiver to prescribe buprenorphine.

Dates: March 13, 2010

Time: 7 am - 8 am Breakfast and required sign-in
8 am - 4:30 pm Program (including lunch)
4:30 Required sign-out

Location: Cicatelli Associates Inc.
505 Eighth Avenue
(at 35th St.)
2nd floor
NY, NY 10018

Directions: Subway - A,C,E,1,2,3
trains to 34th Street

Cost: Free

8.0 AMA PRA Category 1 Credit(s)TM available

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through Cicatelli Associates Incorporated (CAI). CAI is accredited by the ACCME to provide continuing medical education for physicians.

CAI designates this educational activity for a maximum of 8.0 AMA PRA Category 1 Credit(s)TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure: The "Faculty Disclosure Policy" of the ACCME requires that faculty participating in a CME activity disclose to the audience any relationship with a pharmaceutical or equipment company which might pose a potential, apparent, or real conflict of interest in regard to their contribution to the activity, and any discussions of unlabeled or investigational use of any commercial product or device not yet approved in the United States.

Petros Levounis, M.D., M.A. is on the speaker's bureaus of Forest, Pfizer, Cephalon, Takeda, and AstraZeneca. Dr. Levounis will discuss off-label uses of commercial products. **Edwin A. Salsitz, M.D.** is on the speaker's bureau of Reckitt Benckiser, PriCara, Pfizer, and Schering Plough. **Susan Whitley, M.D.** is on the speaker's bureau of Reckitt Benckiser.

Training Objectives

This course will provide information to participants interested in learning about the treatment of opioid dependence and, in particular, physicians who wish to provide office-based prescriptions of the medication buprenorphine. After successfully completing the course, physicians will have fulfilled the necessary training requirement and will qualify for a waiver to prescribe buprenorphine in an office-based setting. After participating in this course, participants should be able to describe:

- General aspects of opioid pharmacology
- Pharmacological characteristics of buprenorphine and its use for opioid dependence treatment
- Different levels of treatment services
- Psychiatric and medical co-morbidity
- Confidentiality

Finally, the course will utilize case-based, small-group discussions to illustrate and elaborate upon points brought up in didactic presentations.

For more information and to register, please call Elizabeth Leonard at (212) 594-7741 ext. 279 or email: eleonard@cicatelli.org

505 EIGHTH AVENUE,
SIXTEENTH FLOOR
NEW YORK, NY 10018

Registration

Name _____

Date of Training: March 13, 2010

Agency _____

Address _____

City, State, Zip _____

Daytime Tel. No. _____

Daytime Fax No. _____

Email _____

Specialty: _____

Medical License # _____

DEA # _____

Resident? Yes _____ No _____

8:00 A.M.	Course Introduction; Overview of Opioid Dependence and Its Treatment; Overview of Drug Addiction Treatment Act of 2000
8:30 A.M.	General Opioid Pharmacology & Pharmacology of Buprenorphine
9:00 A.M.	Questions and Answers
9:10 A.M.	Efficacy and Safety of Buprenorphine
9:40 A.M.	Clinical Use: Induction, Stabilization, Maintenance, & Detoxification
10:10 A.M.	SNACKS
10:20 A.M.	Confidentiality, Medical Records, Office Policies & Procedures
10:50 A.M.	Pain Patients and Other Special Populations
11:20 A.M.	Questions and Answers
11:30 A.M.	Psychiatric Co-Morbidity
12:00 P.M.	Medical Co-Morbidity
12:30 P.M.	Lunch/Self Study Case #1: The Through and Through Addict
1:10 P.M.	Case #2: The "Extra Cost" Of Heroin
1:50 P.M.	Questions and Answers
2:00 P.M.	Case #3: Crush and Crash
2:40 P.M.	Questions and Answers
2:50 P.M.	Case #4: Thoughts Like Molasses
3:30 P.M.	Questions and Answers; Notification Form; Evaluation
4:30 P.M.	Adjourn

Buprenorphine Waiver Information

This program is part of a national training initiative which has been endorsed by the Federal Center for Substance Abuse Treatment (CSAT) and is sponsored by the American Psychiatric Association. Physicians who complete this course will be eligible to request a waiver to practice medication-assisted addiction therapy with buprenorphine for the treatment of opioid dependence.

The course satisfies the Drug Addiction Treatment Act (DATA) 2000 physician training requirement. It will provide information and training to participants interested in learning about the treatment of opioid dependence and, in particular, to physicians who wish to provide office-based treatment of opioid dependence with buprenorphine.

At the conclusion of the course, the physician participant will be eligible to ask the Secretary of Health and Human Services for a waiver of the special registration requirements defined in the Controlled Substances Act. When granted, the waiver permits the physician to prescribe buprenorphine in an office-based setting.

In order for the APA to confirm your completion of the training, you must:

- **Bring a photo identification to show as part of the sign-in process**
- **Have your medical license number with you**
- **Confirm your attendance with your signature at various times throughout the day**
- **Complete a form authorizing the APA to submit your name to the Department of Health and Human Services**

Please note that the American Psychiatric Association cannot confirm training for those who arrive late or depart before the completion of the course.

Faculty

Petros Levounis, M.D., M.A.

Director, The Addiction Institute of New York at St. Luke's and Roosevelt Hospitals
Associate Clinical Professor of Psychiatry, Columbia University College of Physicians & Surgeons

Edwin A. Salsitz, M.D.
