

Region II Infertility Prevention Project Meeting
June 19 & 20, 2008
Cicatelli Associates Inc. 505 Eighth Avenue [20th Floor]
New York, New York 10018

Meeting Purpose: Provide ongoing support to Region II IPP members in the administration and evaluation of IPP projects in the field in order to support achievement of National IPP priorities.

Meeting Objectives:

1. IPP Project Area Partners will develop core objectives and activities to be included in their 2009 CDC IPP Application that are in alignment with 2009 CDC CSPA Competitive Application Guidelines and Priorities.
2. Review current information available about the burden of chlamydia and gonorrhea infection among Urban American Indian populations, examine gaps and develop next steps to increase surveillance efforts.
3. Review and discuss priorities related to the CDC National Data Standardization effort including enhancing collection of gonorrhea surveillance data.
4. Present and finalize proposed FY09 and beyond Region II IPP Meeting frequency and structure.
